## PERSONAL PROJECTS

Online Restaurant Management (05/2021 - 01/2022)

- We created this project to manage the restaurants, motels and hotels online so that men work could be less in this type of huge buildings

Airline Ticket Booking (02/2022 - 08/2022)

- Airline ticking booking provides tickets till the end moment even without any extra charges and also give facility to cancel the tickets.

Online Cattel Pet WebSite (01/2023 - 02/2023)

- We have created a website which include Pets and Cattel food. So that farmer and pet lover get all things at one page they should not visit multiple web site to get the right information about pets and foods. We have provided some contacts who are best in this field so that customer can trust and contact easily.

Marriage Booking WebSite (03/2023 - 04/2023)

- I have created a website for one party plot in kalol. They provide services for Marriage and other functions like that. I created a website which include contact form, photos and videos, and some experience of other people who did their function in that party plot.
